Hold off on template until we get this approved. Any word from your health physicist?

Subject: Las Canchas Fires ER Data Element Dictionary - 1st Draft

Hey Everyone,

Here is the first stab at the Data Element Dictionary for the SCRIBE database to support the fires ER. This is very rough and we need your input. Please review and provide comments, I would not distribute this very far right now because it is a very rough first draft.

Melissa is working on an ERD as we speak.

Thanks,
